

Company Overview:

Tsunami Products is committed to providing sustainable water solutions from air using various conventional and renewable energy sources. We are the manufacturer of American made atmospheric water generation products and aspire to help solve water crises around the globe. Our team is comprised of solution oriented professionals from energy, renewables, distribution, project construction and customer-service industries. It is our firm belief that AWG products are a viable solution for a countless number of the world's water crises. Contact us today to learn more about AWG products and start your path towards water independence.

The Tsunami Difference:

Turnkey Installs: Tsunami handles every need from initial design to finished install. Our trained technicians provide top-level service and are equipped to handle multiple applications to ensure water sustainability.

American Made Products: We pride ourselves in manufacturing the highest quality, reliable American made products. This allows for quicker manufacturing, installation and long operating life for our customers.

Crisis Focused: Tsunami understands the value of high quality and easily accessible drinking water in crisis situations. Our core value as a company is to be people-focused and meet immediate needs in times of crisis.

Applications

- Natural Disasters
- Remote Locations
- No ground water
- Contaminated Water
- Commercial Agriculture
- Military Installations
- Humanitarian Projects
- Hospitals, Schools, Offices
- Crisis Relief Centers
- Fire Stations

How it Works

Trailer Mounted-500 Specifications

Water Production	Potential: 204 US Gal / 773 L PER DAY* <i>*Estimated at 85°F / 29.4°C and relative humidity (RH) of 80%. As ambient temperature and RH change, so does water production.</i>
Internal Water Storage Capacity	130 US Gallons at full capacity
Air Filtration	High-efficiency multilayer Poly-fiber — washable & reusable
Water Filtration	Multi stage: polypropylene, charcoal, Ultra Violet light
Refrigeration System	
Generator	10 kw Diesel
Rated Voltage AC	230 Volts ±10% 50/60 Hz
Phase	1 PH
Toolbox	Additional tools, parts, filters
Mechanical Dispensers	Two
